Claims 15-19 and 37-53 are allowed.

The following is an examiner's statement of reasons for allowance:

Amended independent claims 15 and 37 now contain subject matter distinguishable over the prior art of record – i.e.:

Regarding claims 15 and 37, the prior art of record fails to disclose or suggest all the subject matter of claims 15 and 37, including “the first and the second thermal attributes (TA) being determined according to the equation: $TA = k * (P/S)$ in which P is power density of a component, S is the footprint of the component, and k is a thermal estimation constant”.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
